LETTER OF DEFICIENCY #WSEB 03-185
CERTIFIED MAIL 7000 0600 0023 9933 2819

Joanna Jiang
520 South Street
Bow, NH 03304

Subject: Bow - Public Water System: Chen Yang Li Restaurant (EPA #0268030)

Dear Ms. Jiang:

The records of the Department of Environmental Services (DES) show that the Chen Yang Li Restaurant water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more services, or 25 or more people, for 60 or more days per year. As such, the water system owner is required to submit samples to the State laboratory or a State-certified laboratory for coliform bacteria analysis in compliance with NH Admin. Rule Env-Ws 325.

DES records show that the subject water system failed to submit bacteria samples and as a result Monitoring/Reporting (M/R) violations were issued for the following months:

February 2003 and June 2003

In view of the Monitoring/Reporting violations, DES believes the deficiencies can be corrected by taking the following actions:

By August 14, 2003, submit a water sample for bacteria analysis to the state laboratory, or a state-certified laboratory, in accordance with NH Admin. Rule Env-Ws 325.

In the future, submit routine water samples for bacteria analysis during the water system's scheduled sampling months of **February, May, August and November**.

In the event compliance is not achieved within this period, DES may take further enforcement action, including issuing an order requiring the deficiencies be corrected, initiating an administrative fine proceeding and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

Please contact Alan Leach by phone at (603) 271-2854 or by e-mail at aleach@des.state.nh.us if you have any questions regarding this letter.

Sincerely,

COPY
